# *We know to tolerate*

Erasmus+ youth exchange  
in Brebu, Romania  
10-21 September 2021

**Applicant: Traian Vuia Resita Theoretical High School**

**Erasmus+**

# What is this youth exchange about?

Even though the European Union had ambitious initiatives in the past regarding the rights of roma people, the situation in this field is still a problematic one. Through this project we want to promote tolerance among young Roma and non-Roma and reduce prejudices and stereotypes. At the same time, we want to increase the level of confidence of young people in their own forces not to refuse to get involved or participate in something before they convince themselves that they can't, just because that's how they were told or that's what others think about them.

## Aim of the project:

1. To increase the knowledge on civic involvement and participation of the 45 participants during the youth exchange;
2. To develop the artistic skills (theater, music, dance) of the 45 participants
3. To increase the confidence in their own forces and the motivation of the participants
4. To increase the level of acceptance and understanding of interculturality and diversity for the 45 participants
5. To develop the capacity of the 45 young people to plan, organize and promote educational and artistic events

# What will happen?

## preparation

Young people will develop training activities with the support of project leaders who will be responsible for ensuring the participation, evaluation and involvement of young people in the project. Preparation will begin one month after project approval, so that leaders have time to choose the participants. Into the during the training leaders will introduce them to recycling and the environment. They will develop a non-activity formal to become more aware of their craft skills and to get more knowledge about recycling, how to recognize a tool that can be recycled and how to use to do something innovative.

## youth exchange +

Young people help develop communication between partners involved in this project. They prepare a document to share the results and goals they want to achieve in this project. With the support of the responsible person, they analyze the activities they can do for them develops artistic sense, studying materials and working methods.

## dissemination

During implementation, leaders will be facilitators of youth exchange. In the way co-operative, facilitators will prepare a few activities together with young people, share knowledge about the subject, about non-formal activities, about European policies on recycling and recycling the creativity of young people. For each activity the facilitator will be helped by 3 members of the associations who will do: - Media report, one participant will take pictures and video about activities; - Assistant, one participant will support the facilitator who helps the group to develop the activities and a participant will write on a flip chart step by step the activities to be done.
